I've attached the draft executive summary of the sampling plan. We expect some additional edits to this but wanted to get it out to give folks some time to review. The smaller group reviewed the more detailed plan this afternoon and we feel we have addressed a number of issues. We'll share that plan early tomorrow.

Subject: Legionella Discussion (Please read notes below)

All,

In follow-up to today's call, the WH called about setting up a call between myself and Nicki to address this. That being said, I'm not sure we had the time on the call to go into the details and get a good understanding of where the breakdowns are. I'd like to setup a quick call to chat about the varying positions, where we feel the differences are, whether the differences are in science or policy and our recommended path forward. Based on some comms from the Administrator to the WH, they want to move on this quickly (meaning today).

This seems to be when most folks were available and it's after the CODEL.

Thanks in advance.
